The Cambridge French-English Thesaurus Marie-Noklle Lamy 1998 This is the first ever bilingual thesaurus of its kind. The book is aimed at all English-speaking learners and users of French at an intermediate to advanced level, and is structured in a uniquely helpful way. The book is arranged thematically rather than alphabetically, with fifteen part titles subdivided into a total of 142 subheadings which are further subdivided into topic categories. In each category learners will find synonyms and related French words and phrases of use for writing or speaking about the topic, as well as sayings, metaphors, proverbs, famous quotations or

usage notes connected with the topic. Every word, phrase and example has an English translation. Illustrations provide additional help, and there is a special section on conversational gambits. Two alphabetical indexes of more than 8,000 words each, one listing English vocabulary and the other French, help readers find what they're looking for easily.

Basic Dictionary Of Synonyms And Antonyms Laurence Urdang 1982

A dictionary as well as a thesaurus, and a much simplified one at that! It gives you all the basic words used in the English language, their chief meanings, all important synonyms and antonyms where needed. To make the meaning of each entry clear, it uses the words in a sentence and where the secondary meanings are considerably different from the first, uses it in two or more sentences. Much larger dictionaries and synonym books are available, but they often confuse the reader by providing long lists of complicated, often rare words, and other technicalities. This book is much more useful, and used with good judgment, should yield excellent results
