Black Reed Bay: The MUST-READ thriller of 2021 ... first in a heart-pounding new series (Detective Casey Wray, Book 1) Rod Reynolds

2021-05-28 When a young woman vanishes from an exclusive oceanfront community in the middle of the night, Detective Casey Wray's takes on a case that leads her in chilling, unexpected directions ... A twisty, breath-taking police procedural. First in a heart-pounding new series. 'Urgent, thrilling and richly imagined. Without doubt his best yet' Chris Whitaker, author of *We Begin at the End* 'Reynolds captures the claustrophobic feel of a small town ... a tense slice of American noir' Vaseem Khan, author of *Midnight at Malabar House* 'If you were hooked on *Mare of Easttown*, this will be right up your street ... I read this obsessively' Nina Pottell, *Prima* 'Rod Reynolds makes the most of this desolate, windswept location ... a thrillingly complex narrative develops at speed ... his superior cop saga is just the first instalment of a projected series' *The Times*

_____ Don't trust ANYONE... When a young woman makes a distressing middle-of-the-night call to 911, apparently running for her life in a quiet, exclusive beachside neighbourhood, miles from her home, everything suggests a domestic incident. Except no one has seen her since, and something doesn't sit right with the officers at Hampstead

County PD. With multiple suspects and witnesses throwing up startling inconsistencies, and interference from the top threatening the integrity of the investigation, lead detective Casey Wray is thrust into an increasingly puzzling case that looks like it's going to have only one ending... And then the first body appears... For fans of Susie Steiner, Peter Swanson, M J Arlidge, James Lee Burke and Tana French _____

****LONGLISTED for the CWA Steel Dagger for THRILLER of the YEAR****

'Electrifying' *Crime Monthly* 'An awesome read. A turn of the screw in every chapter' Oscar de Muriel 'If you love Harlen Coben and Lee Child, you will love this ... cinematic, epic, you will forget to breathe' Miranda Dickinson 'Compelling and stylish, with devious twists and a cleverly crafted ending. Very, very impressive' G J Minnett 'A twisty, high-stakes, high-voltage murder mystery' Tim Baker 'In Casey Wray he has created a series character with an engaging mix of guts and vulnerability ably supported by a strong supporting cast. His prose style is crisp with the occasional touch of the poetic that lifts noir writing out of the pulps' *Shots Magazine* 'Beautifully written, deeply atmospheric and cleverly plotted, with a brilliant new protagonist' Andrea Carter 'Utterly gripping and packs one hell of an emotional punch. Perfect for fans of Bosch' Steph Broadribb 'There's something particularly special about *Black Reed Bay* and it's Detective Casey Wray ... I felt like I'd known her all my life' Joy Kluver

The Old Bailey Theresa Murphy 2011-10-14 This is the story of an arena of crime and degradation, of infamy and human suffering. It is the history of the Old Bailey, an institution as flawed as all man-made attempts at justice are doomed to be. In the beginning there was barbarity and injustice. The court was packed with a restless, muttering mob, eager for the verdicts of 'Guilty' so they could enjoy public executions, hurling abuse and missiles at those with the noose around their neck. Today we fool ourselves that we have evolved beyond barbarism, but are made uneasy by the continuing exposure of miscarriage of justice. If we use the Old Bailey as a yardstick, it is possible to argue that mankind has not made much progress through the centuries. In these pages, we tour the courts of long ago, meeting the Dracula-garbed court chaplains, drunken, brutal judges and cold-blooded hangmen. With wit and skill, Theresa Murphy brings to life a cast of hundreds, from the well-known to the less infamous, who together make up the harrowing history of the Old Bailey.

[X-Treme Possibilities](#) Paul Cornell 2013-10-31 'Open your mind to extreme possibilities' Scully's desire to be recognised as 'a medical doctor', ooze, mouthfuls of difficult dialogue and the tendency for characters not to make it through the pre-titles sequence were just a few of the tragically underexamined elements of THE X-FILES phenomenon - until the first edition of this book. Now the authors take their study of television's weirdest show through to the end of series five, and THE X-FILES movie. X-TREME POSSIBILITIES presents a unique analysis of the programme that transformed US television. While sometimes witty and light-hearted, this volume is also a serious study of the elements that made the show such a success. As well as a detailed episode guide of the first five seasons, the book pieces together the nature of the series' Conspiracy - and attempts to discover just what the truth is. Never before has THE X-FILES been put under such focused, affectionate and bizarre scrutiny. Please note this new release of the second edition has not been updated.

Richard Ben Myers 2010-11-05 In February 1995, Richey Edwards checked out of a London hotel instead of flying to the US with the rest of the Manic Street Preachers. There were a few subsequent sightings but then nothing. His body was never found, and he was declared legally dead in

November 2008. Now Richard tells the story of his life - and disappearance - as he might have told it. 'This moving, tender novel tells the story of a lost boy adrift in a world that he can't make sense of' Marie Claire 'Myers deserves credit not only for adding a third dimension to Edwards, but for trying a fourth, for attempting to document a period of his life that seems destined to remain a mystery' The Times 'A sympathetic and sad imagining of the boy who became a reluctant pop idol' Time Out 'Harrowing and hauntingly sad' Mojo

Leap Year Etienne van Heerden 2012-09-28 God would never have designed such a species.' So says Seamus Butler of his famous fall-goats, the genetic strain his father inadvertently bred on this Settler family's farm. They have an inborn fault: when startled, they keel over instantly in a dead faint. But it is precisely this which makes them worth their weight in gold, as a single fall-goat placed in a flock of sheep becomes the only prey when an enemy strikes, leaving the flock unharmed. These pathetic goats, with their mocking yellow eyes, have given the Butlers wealth and influence in the Eastern Cape - important factors in a time of political upheaval - but even they are unprepared for the moment when oil is discovered right in the middle of Port Cecil, the local harbour town. The implications of this discovery bring the local black civic organisation's demand for a unified city council sharply into focus. At the forefront of these aspirations is MaNdlovu Thandani, larger than life and seemingly indestructible. In opposition: Seamus Butler himself - a man whose dark moods and recurring depressions surge relentlessly through him. And, while history dictates that these two separate worlds will inevitably converge, the families on both sides cannot remain unaffected, threatening to fall apart beneath the weight of their place in history. This is the backdrop to the story of the stud master of the farm known as Fata Morgana. It is a story which carves a path through the lives of the people of this Eastern Cape district, all of them inextricably involved, inescapably trapped in their heritage during a time when beauty and cruelty, violence and hope all become entangled.

Beyond the Black Hole Blake A. Hoena 2008-08-01 While looking at a black hole in their rocket-powered washing machine, Eek and Ack fall in

and find themselves in a new universe where everything, including its planet Earth, is a pinkish color.

Mindful Art Therapy Barbara Jean Davis 2015-06-21 The mindful art therapy presented in this book places inner contemplation, openness and visual language at its centre, showing how traditional Eastern wisdom can be integrated into modern psychotherapeutic practice for mind-body wellness. This book introduces a foundation for mindful art therapy practice by providing a coherent framework that bridges paradigms between eastern and western traditions. The author clarifies different approaches from mindfulness traditions to guide students and practitioners in determining the most suitable and personalised method for practice, research and professional development. The book features case studies and artworks from the treatment of common clinical presentations such as anxiety and depression and includes a guided meditation script and audio file. This book is an essential text for art therapy and psychology students, academics and allied health professionals who seek to integrate mindful art therapy into research and practice.

Forty Rabbit Holes Phil Penne 2012-05-01 "Rabbit holes" are, by my definition, those secret places to which we all go to escape the occasional drudgery or unpleasantness of everyday existence. Each vignette in this book is designed to take you down a new rabbit hole to a place you wish to be or, on occasion, to a place you may need to be, whether or not it is obvious to you. The stories are flights of fancy, daydreams put to paper, designed to ignite your imagination and awaken that part of your brain

grown stagnant by the predictability of everyday life. But these aren't stories you simply read; each of the forty rabbit holes in this collection is written in the second person making you, the reader, the central character. You will be an integral part of each story you read.

Medicinal Plants in Australia Volume 3 Cheryl Williams 2012-07-01 Plants defend themselves against predators, including man. There are obvious defences such as stinging nettle-like strategies, and burning or blistering latex resins. Others use different methods to incapacitate. They include gastrointestinal distress (vomiting or purgation), blindness, neurological disability, or even asphyxia. This clearly illustrates the ingenuity of plant chemistry which, while daunting, has led to some rather extraordinary discoveries. The poisonous potential of numerous plants coincides with a medicinal effect that can not be ignored. What is the difference between a poisonous, edible or therapeutic effect?

Harmony's Passing Joel Blaine Kirkpatrick 2010-04-03 The appearance of a wandering black hole sends physicists scrambling to determine what effect it will have. But first, they have to figure out exactly where it is...and where it is going.

The Good Parents Joan London 2009-11-01 From the author of *Gilgamesh* - longlisted for the Orange Prize - comes a novel of loss and longing that goes right to the heart of the struggle to belong. Maya de Jong, an eighteen-year-old country girl, moves away from home to live in the city. Here she begins an affair with her boss, whose wife is dying of cancer. But when Maya's parents, Toni and Jacob, arrive to stay with her, they are told by her housemate that Maya has gone away and no one knows where she is. As Toni and Jacob search for their daughter in the city, everything in their lives is thrown in doubt. They recall the dreams and ideals, the betrayals and choices of their youth - choices with unexpected and irrevocable consequences. As if, to bring Maya back, they must return to their own pasts.

Panel Reports - "New Worlds, New Horizons in Astronomy and Astrophysics" National Research Council 2011-05-18 Every 10 years the

National Research Council releases a survey of astronomy and astrophysics outlining priorities for the coming decade. The most recent survey, titled *New Worlds, New Horizons in Astronomy and Astrophysics*, provides overall priorities and recommendations for the field as a whole based on a broad and comprehensive examination of scientific opportunities, infrastructure, and organization in a national and international context. Panel Reports--*New Worlds, New Horizons in Astronomy and Astrophysics* is a collection of reports, each of which addresses a key sub-area of the field, prepared by specialists in that subarea, and each of which played an important role in setting overall priorities for the field. The collection, published in a single volume, includes the reports of the following panels: Cosmology and Fundamental Physics Galaxies Across Cosmic Time The Galactic Neighborhood Stars and Stellar Evolution Planetary Systems and Star Formation Electromagnetic Observations from Space Optical and Infrared Astronomy from the Ground Particle Astrophysics and Gravitation Radio, Millimeter, and Submillimeter Astronomy from the Ground The Committee for a Decadal Survey of Astronomy and Astrophysics synthesized these reports in the preparation of its prioritized recommendations for the field as a whole. These reports provide additional depth and detail in each of their respective areas. Taken together, they form an essential companion volume to *New Worlds, New Horizons: A Decadal Survey of Astronomy and Astrophysics*. The book of panel reports will be useful to managers of programs of research in the field of astronomy and astrophysics, the Congressional committees with jurisdiction over the agencies supporting this research, the scientific community, and the public.

Under Her Skin Adriana Anders 2017-02-07 This gentle giant's scarred hands may be the warmest touch she'll ever know. ...if only life were a

fairy tale where Beauty got to keep her Beast Ivan thought the world was through giving him second chances. Hell, who was he kidding—he wasn't good enough for them anyway. And he certainly wasn't good enough for her. But the moment Uma walked into his life, Ivan knew he had to put all that crap aside and do everything he could to help. She was like nothing he'd ever known. Beautiful, lost, alone, she had the kind of sad eyes that were just begging for someone to save her... ..and despite his rough exterior, despite the nasty rumors, despite all the bad decisions following him around like the strays he couldn't help but rescue, Ivan was nothing but willing to be the kind of man she needed. Yeah, he'd thought the world was through giving him second chances. Until she came into his life. Until she changed everything. Until he realized he would do anything, fight anyone, tear the world apart if it only meant saving her. Blank Canvas series: *Under Her Skin* (Book 1) *By Her Touch* (Book 2) *In His Hands* (Book 3) Praise for *Under Her Skin*: "A dark and emotional tale that will make your spine tingle as well as your heart."—SARINA BOWEN, USA Today bestselling author of *Bittersweet* "The perfect romance...a hint of danger, a whole lot of spice, and an HEA you believe in."—ANNE CALHOUN, award-winning author of *Under the Surface* **Fifteen Billion Years III** Rand McLester 2015-05-18 "But as for the cowardly, the faithless, the polluted, as for murderers, fornicators, sorcerers, idolaters, and all liars, their lot shall be in the lake that burns with fire and brimstone, which is the second death." Revelation 21: 8 (RSV) Holy Bible A faraway place, a distant future... A blend of Indiana Jones and Lord of the Rings, the *Fifteen Billion Years* Trilogy is an epic adventure loosely based on the Book of Revelation in the Bible. With the end and beginning of mankind, the characters must overcome impossible odds in the unending conflict of good versus evil... with hope for a future. *Time Warriors* is the final installment of an engrossing adventure bound with unflinching friendship, uncommon faith and undying perseverance. *Time Warriors*... Beyond the horizon threshold Reed stammered, "People don't just disappear —they don't!" There was peace in the new world until all but four disappeared and their vibrant world began to decompose. The challenge before them, to undo what had been done. With their first

glimpse inside the mysterious Legend Mountain the puzzle becomes even more challenging ...and dangerous... and a small twisted tree with its limbs drifting to the left. Now a world in decay, they must decipher the riddle ...part of the Puzzle... pursued by Night Hunters, a shadow-phantom, and haunted by the ghost ship dredged from the darkness and depths of the Bermuda Triangle long ago... and ultimately face an evil that no one has yet known in a climactic conflict of good versus evil. ...Then something more, the Final Revelation.

Your Inner Critic Is a Big Jerk Danielle Krysa 2016-10-11 This charmingly illustrated guide shares ten truths about creativity, confidence, and how you can silence that stifling voice in your head. This book is a salve for creative minds everywhere, and duct tape for the mouth of every artist's inner critic. Author and art curator Danielle Krysa explores ten essential truths we all must face in order to defeat self-doubt. Each encouraging chapter deconstructs a pivotal moment on the creative path—fear of the blank page, the dangers of jealousy, sharing work with others—and explains how to navigate roadblocks. Packed with helpful anecdotes, thoughts from successful creatives, and practical exercises gleaned from Danielle Krysa's years of working with professional and aspiring artists—plus riotously apt illustrations from art world darling Martha Rich—this ebook arms readers with the most essential tool for their toolbox: the confidence they need to get down to business and make good work.

Orphan's Alliance Robert Buettner 2011-10-13 Jason's army defeated the slugs on Bren and now, fifteen years later, he finds himself once more commanding an invasion force. This time they must expel the Slugs from a small moon, where they decimated the human inhabitants. And

although Earth has finally begun to mobilise against the aggressors, a new and problematic faction has arisen. The totalitarian government of Tressel, a strategically-situated planet, is willing to defeat the Slugs at any cost - regardless of the human casualties. Unfortunately for Jason, his godson, Jude, is attracted to Tressel's total-war policies. As the struggle continues, Jason is not only fighting for the survival of the human race, but for his relationship with the only family he has left.

The Constellations - Sky Tours for Computerized TelescopesVol.

One Clay Sherrod 2017-01-27 Computerized GO TO telescopes, affordable, portable and efficient, now provide an escape for all stargazers from the harsh day-to-day environment, stress and light pollution, by allowing urban users to take their portable, computerized instrument into the darkness of night and away from the cities. Technology today allows these affordable telescopes to automatically with the touch of a button GO TO any object in the sky, centering it up in the telescope for immediate viewing and satisfaction. But the user must know where to look - finding very faint objects, and knowing which ones are appropriate for each particular telescope is a difficult undertaking. The Constellations provides a two-volume hands-on tour of most of the most prominent constellations, their stars and the mysterious celestial objects within the boundaries. Explore history, science, and mythology of the Night Sky like you never thought possible with this simple guide and your choice of computerized telescope.

Learn more about the King's career through interviews with Jack and Roz Kirby, John Byrne, Steve Gerber, Mark Evanier, Roger Stern, Marv Wolfman, and page after page of rare Kirby art, much in its original pencil form. Join us in celebrating the life and career of comics' most prodigious imagination: Jack Kirby!

[The Transparent Traveler](#) Rachel Hall 2015-09-04 At the airport we line up, remove our shoes, empty our pockets, and hold still for three seconds in the body scanner. Deemed safe, we put ourselves back together and are free to buy the beverage we were prohibited from taking through security. In *The Transparent Traveler* Rachel Hall explains how the familiar routines of airport security choreograph passenger behavior to create submissive and docile travelers. The cultural performance of contemporary security practices mobilizes what Hall calls the "aesthetics of transparency." To appear transparent, a passenger must perform innocence and display a willingness to open their body to routine inspection and analysis. Those who cannot—whether because of race, immigration and citizenship status, disability, age, or religion—are deemed opaque, presumed to be a threat, and subject to search and detention. Analyzing everything from airport architecture, photography, and computer-generated imagery to full-body scanners and TSA behavior detection techniques, Hall theorizes the transparent traveler as the embodiment of a cultural ideal of submission to surveillance.
